

Rimowa reveals safari- themed collaboration John Nollet

Luggage-maker Rimowa and influential hairstylist John Nollet have teamed up to offer an immersive salon experience at the Rimowa flagship store in Paris during Paris Fashion Week.

The second floor of the flagship store has been transformed with safari-camp decor to house a pop-up hair salon from 24-26 September and 28 September until 5 October, offering visitors an array of luxury treatments created exclusively for the event.

The Travel N' Style Salon will also showcase a collection of unique custom cases built exclusively for the hairdresser to carry his tools.

Customers will be able to get their hands on the Rimowa x John Nollet Classic Cabin S, a limited edition collection that is the first to reinterpret the brand's Classic style with coloured titanium and brown Italian leather accents.

The design collaboration with John Nollet also includes a special leather luggage tag that will be made exclusively at the Rimowa Paris flagship store for a limited time.
